

Dear «Primary\_FIRST» of «Troop\_Number» «Troop\_Community»,

We have you registered for «Site» in «Camp» (TP – Three Point, MB – Medicine Bow, SB – Sandy Beach) during the week «ProgramSession» (T 1 for week 1, T 2 for week 2, etc). I believe errors should be fixed at this point, please let me know if this has not been the case and we will get it fixed.

### **Camp Doc**

Primary contacts have been given ‘provider’ access starting today to the Camp Doc platform. If you are receiving this e-mail it is because you are a primary contact and now have been given provider access. You have the responsibility of uploading the roster of the members of your troop to Camp Doc. Video tutorials and directions are accessible through the links below to make this process as easy as possible.

### **Hat Deposit**

Due to a conference this week I have not been able to answer everyone’s questions, so the hat incentive deposit has been re-opened until **March 21**, so there is a final opportunity for those troops I have not been able to respond to yet.

### **Leaders Meetings**

Leaders Meetings are almost here, which will be the best opportunity to learn how to be onboarded to Camp Doc, learn the latest program updates, and find out the newest program updates about trivia night, more ATVs, what we got at the camp show, and more to get you ready for this summer season. A printed copy of the completely new 2023 leaders guide will also be available!

By this time, if you have made contact with me, and if I have been unable to respond, I’ll process all emails upon my return from the ACA conference. It is my sincerest hope that this Camp Doc onboarding process will help make your camp health form and troop preparation process for attending Yawgoog tremendously easier for you as troop leaders, and the parents trying to get the information for their scouts together. See you at the leaders meetings!

Gratefully,
